You can have a part in these ministries around the world by your prayers and offerings.

We are praying that "God will provide," and that God will use His people in His provision.

"Let the children come."

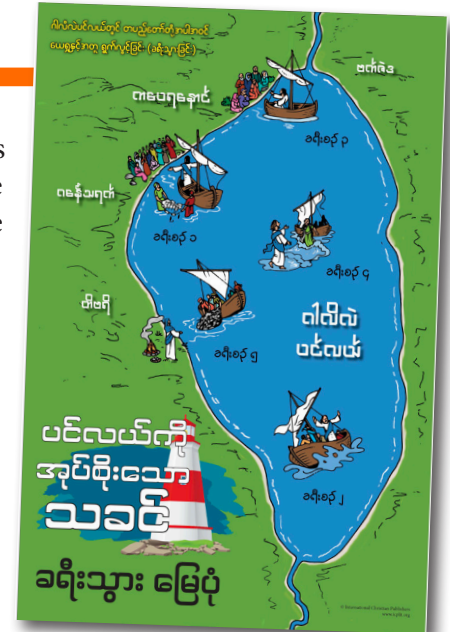

# March 2026

## MYANMAR

Jacob Tubal, ICP Project Manager in Myanmar (Burma), reports that he and his wife, Priscilla, are about finished translating the VBS series, *The Master of the Sea*. Jacob is translating into the Burmese language, while Priscilla is translating into Falam Chin, the birth language of their people. This is the first time we have been able to translate anything into that language/dialect. As God provides funds, we hope to print enough so all Falam Chin churches will be able to have VBS materials in their own language. The picture shows Burmese language.

Churches here in the USA might consider this as a VBS offering goal for their VBS. Your children can help the children of the world!

On a personal note, Jacob reports that his sons, Joseph and Joshua, "have been asking about Pastor Bill every time we pass through the hotel where you stayed. They, especially Joseph, are enjoying the books Mom Rita brought them. We read those books almost every night." Rita and I along with Scott Pevehouse visited them last November.

In the past two weeks, Jacob distributed both *CCfL* and VBS materials for more than five hundred children. We praise the Lord for that. Hopefully some churches will ask for more during this summer. *See picture on the left.*

Our missionary training school, Faith Missionary Bible Institute, has completed another year and the missionaries have returned to their respective churches and fields of labor. Some are already in the mission field, while others are helping their pastors.

Jacob is requesting prayer for the members of the church where he serves as assistant pastor. Their members are going through difficult times trying to make ends meet. One family lost all their savings (about \$3,500) to a thief who broke in at night. Jacob often preaches to a group of Buddhists who want to know Christ as their Lord and Savior.

Please pray for the building project in Myanmar. We have property and enough funds to prepare the site for the building, but still are praying for funds for the building itself. It will provide housing for Jacob and his family as well as office and storage space for the ministry. Early estimates are that the building will cost about \$60,000.

## KENYA

God is at work in Kenya. ICP translators, Titus and Moses, are busy printing *Character Code* materials for 1,200 children to send to the churches in South Sudan before the end of March. They are also busy with translating and printing the *Lord of Kings* VBS series for churches.

The ministry of ICP is now reaching children of the churches in four countries in Africa: Kenya, South Sudan, Tanzania, and Uganda.

Because of the generosity of churches and individuals who support the ministry, we now have two small digital presses and funds for paper and supplies to print. We can support the two translators and cover the cost of their travel to distribute the literature and teach the volunteer workers in the churches in helping their people move toward spiritual formation. Thank you for enabling ICP to help them! Thank you also to missionary Ernie Hopper,

with whom we share office space, for encouraging the workers and the churches.

## PHILIPPINES

The container shipped in January will arrive in April. Florence and his fellow-workers are busy preparing for this great event. Before the container comes, we must pay back fees to the government which will be about five thousand dollars. We will also need to relocate the entry gate because neighbors have erected a house next door to the ICP building, leaving inadequate space to maneuver the big truck into the property.

L to R:  
ICP workers Baracs Cunanan, Roberto Gados, a TMG official, Florence Paguio, a TMB official.

Florence has completed printing *Character Code for Life* literature, Module 3. We will distribute enough for twelve thousand children during the upcoming Bible conference in May. He will also print *The Master of the Sea* VBS for distribution at the conference.

We are considering how to provide housing for Florence and his family.

Florence is working to register the ministry with the customs office as a non-profit so we will be exempt from customs duties.

## RUSSIAN LANGUAGE PRINTING

Last September we reported that our ICP Russian language translator, Pavel, completed the translation of *God's Character and Me*, Module 1, for teens and adults, written by Weeks DuBose. We are excited to report that we have now sent funds for the printing of 4,000 of those books in the Russian language. The 80-page book costs two dollars per book to print but provides students and teachers 18 weeks of valuable Bible lesson material. Last fall we also printed *Character Code for Life* Module 1 Intermediate Leaflets for 4,000 Russian speaking children. Over half of that 18-week curriculum has already been distributed along with teacher books and visual aid packs to assist teachers in presenting their lessons.

Our ICP curriculum is being distributed among Baptist churches in Belarus, beginning with the mission work of Pastor John Pinkavich in Lido, and their missions. Other Russian speaking countries are also being contacted about the availability of our ICP curriculum.

The translation of all six modules of *Character Code for Life*, as well as teacher materials is complete. Module 2 of *God's Character and Me* has also been translated and is ready for print. We ask for your prayers over teachers, students and their families who will participant in these 18-week studies. Brother Pinkavich, the one who proofreads all the Russian translated curriculum, has expressed great joy in seeing this project reaching this point of large volume printing and distribution.
