You can have a part in these ministries around the world by your prayers and offerings.

We are praying that "God will provide," and that God will use His people in His provision.

"Let the children come."

April 2026

Kenya

Here are a few excerpts from a letter I recently received from Moses Wanjala who has been translating ICP materials for about twenty years. As you read please understand that God has made this ministry possible through the generosity of all of all who are so faithful to support the ministry for the past twenty-three years.

Dear Doctor Bill,

Greetings from Kenya. We are doing well, and I hope you and Mama Rita are healthy. I often think about how many years ago I prayed for access to quality education to serve God better—this was my heartfelt desire.

I also remember how eager church members were to learn God's Word, but language barriers made it difficult. I prayed that God would open ways for them to access books in their native languages. When you came to Kenya and helped me start translating books, that prayer was answered. We began with the "Through the Bible" series and are now translating ICP materials.

Most [of the churches are] outside Nairobi, where these materials have been very helpful. They are used in VBS and Sunday School, helping children's ministries grow. Last year, we held VBS programs in different parts of the country, which was very inspiring. This year, we have more planned, in April, August and December. Children are the future of the churches, and your vision of providing materials in their native languages has made a significant difference.

None of this would have been possible without your heartfelt vision to reach children worldwide. Visiting us and seeing the progress of ICP encouraged us greatly.

I want to sincerely thank you. Your generous spirit-full of love, vision, and dedication has benefited not only Titus and me but also our country and neighboring nations. Every time I see children and adults using the ICP materials, I thank God for bringing you to Africa.

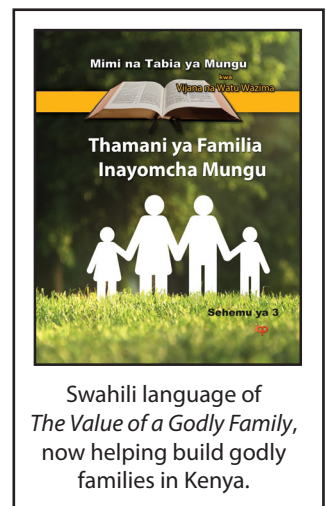

Please accept my heartfelt appreciation. I wish you and Mama Rita good health and a long life. May you continue to bless children around the world.

*With sincere gratitude,
Moses Wanjala*

Titus and Moses have begun translating *The Value of a Godly Family* for both teens and adults. This resource is important in helping families understand and apply biblical principles in their daily lives. As we continue with the translation, we are aiming to keep the language clear, accurate, and easy to understand for the intended audience," Titus wrote.

The main areas of focus for Moses and Titus this month have been the printing of books for South Sudan. These materials are intended for seventeen churches that have expressed a need for teaching and discipleship resources. Titus reports that they hope to have all the books completed and ready for shipping within the month of April so that the churches can receive them in time for their planned programs.

At the same time, they are working on improving the visual presentation of our materials by incorporating pictures that reflect African children and families. This helps make the content more relatable and meaningful, allowing readers to connect more easily with the message.

Mynmar

Jacob Tubal, Project Director in Myanmar, reports that he is helping with a summer church camp where there are over 270 children and teens in attendance. He is working with the ninety plus teenagers.

During the dry season we hope to fill the building site to above flood level and get started on the building. Please pray that God will supply funds to move forward quickly with this building project. We have funds now for the fill and to begin pouring the floor. To complete the project we are praying that God will supply about \$65,000 additional funds.

Philippines

The workers in the Philippines are awaiting the arrival of the shipping container within the next few days. They are also preparing for distribution of several thousand VBS and *Character Code for Life* materials. This year for the first time, we will have distributions in San Fernando, Manila and on the island of Negros. Rita and I plan to leave Texarkana on May 11 and return on June 1. Please pray for our safety and for a productive ministry there.

Character Code for Life

TEN YEAR ANNIVERSARY — *Character Code for Life* curriculum is celebrating 10 years since it was introduced and Module 1 was printed. What began as a special project for school children in the Philippines is now being taught to children in more than a dozen foreign countries (translated into seven languages) and in many churches here in the US. Reports continue to come in of thousands of children being taught and hundreds of children being saved. Originally, *Character Code for Life* was being prepared as a 2-year, 4-module study for children in grades 1-6. However, as the vision grew, *CCfL* became a 9-year, 6-module curriculum for preschool, primary and intermediate children, ages 3-12.

THE IMPACT OF CHARACTER CLUBS — First Baptist Church of Cave City, Arkansas, is completing her eighth year of Character Clubs using the *Character Code for Life* curriculum. Children who began learning the godly Christian values as preschoolers are now in the Intermediate class hearing the Bible stories and memory verses for the third time but with much more detail and greater application challenges. Parents and teachers continue to share testimonies of how it has impacted their children's lives. In just the past two weeks, there have been eight children saved, six during class hours and two at home after attending class. In the past eight years there have been over eighty professions of faith and baptisms among the young people at FBC. To God be the glory!

California Association Meeting

At the end of March, Scott had the privilege of representing International Christian Publishers at the California State Association Meeting of

Sharing ICP during the missionary share time.

Afternoon session with the children making balloons and using illusions.

Catching up with long time friends, Pastor Jim Kral and wife Gloria.

Missionary Baptist Churches. The fellowship was sweet and the preaching uplifting. It was a blessing to renew old friendships and establish new ones. Many of the pastors Scott knew from growing up in California. He had the honor of sharing ICP and preaching at First Missionary Baptist Church of Bellflower and Living Word Baptist Church of Long Beach. There was excitement about the open doors to provide God's Word through multiple languages. During the state meeting, Scott was able to introduce ICP Curriculum to many churches during the missionary share time and in the afternoon session he shared with the children God's Word using illusions and balloons. Pray for the churches of California as God continues to use them to reach the lost and for those that are currently seeking a pastor.
