"Let the children come."

**October 2025**

Please send offerings to: ICP, PO Box 2587, Texarkana, TX 75504 | Phone: 903.278.2648 | email: [billjohnson@icplit.org](mailto:billjohnson@icplit.org)

**Kenya**

During September, Moses and Titus dedicated 25 days to translating and printing educational books for churches to use in promoting children's spiritual growth in Busia. They completed the translation of the *Lord of Kings* Vacation Bible School Preschool leader's guide. They printed a total of 1,220 books, including modules for CCfL Preschool, Primary, and Intermediate levels.

Distribution is underway, with 300 books already delivered to five local churches—Neela, Upendo, Hope, Tumaini, and Busia Hill—each receiving 20 copies of every module. These resources will help guide children in their learning and faith journey. Looking ahead, they are starting the translation of the *Lord of Kings* Vacation Bible School, Primary leader's guide this month, with plans to print additional copies for churches across Western Kenya.

Additional distribution, as reported by Titus, was as follows:

- **Naivasha Region of Kenya** – 1,600 books distributed across 10 churches.
- **South Sudan** – 800 books distributed to 21 churches. The number of books here was lower because many lessons are taught in local mother tongues. We only printed and supplied books for churches that teach in English.
- **Mombasa Region of Kenya** – 700 books distributed across 7 churches.
- **Khwisero, Kakamega Regions of Kenya** – 1,400 books distributed to about 10 churches, mainly those attending the African Baptist Association meeting.
- **Uganda** – 2,000 pieces of literature were distributed.

We are thankful for those churches who gave additional funds making it possible to purchase another rebuilt digital press. It will be nice to be able to print enough literature to supply the churches' requests.

Rita and I are planning to go to Kenya in January, if God supplies the funds for expenses. It is a blessing to see the ministry there begin to meet the needs of the churches.

**Myanmar**

Jacob Tubal, Myanmar Project Director, is preparing for Rita and me along with Scott Pevehouse to come for a week in November. He is arranging a schedule for us to visit the children's home, the Bible college, and to lecture at the Missionary Training Ministry session during the week. We will also work with Jacob to help train teachers using the CCfL curriculum.

ICP/Hope children's home director, Junia, reports that all the children are healthy and doing well. They are currently taking their Term Two exams, and we ask for your prayers for strength, wisdom, and peace during this time. While many of them are growing academically and socially, we're still praying for their spiritual growth. Some of the children have not yet accepted Christ, and we long to see each one come to know Him personally.

## Philippines

Warehouse, print shop and residence  
in Mexico, Pampanga, Philippines

In front of the Ryobi offset press is the water cooler used to keep the press cool on hot days in the Philippines.

Florence Paguio, Project Director, makes this report:

The Ryobi 3404H is the printing press we use to print reading materials for children. Operating this machine is not easy—especially for someone like me, whose background is not in this field. Two men of God, Pastor Bill Johnson and Shane Saulsbury, who is a certified Ryobi press repairman, helped me learn the basic functions of the machine and the basics of printing. By the grace of the Lord, I gradually learned everything I needed to operate this machine.

Cleaning and oiling the press keeps it running for many years more.

But because of its age and the many printing shops it has served, it seems time is beginning to catch up with the little press. Yet for me and for His Offspring Ministry, this is the best printing machine because it is used for the work of the Lord.

Despite all this, this four-color press and I need to produce 48,000 copies for one set of pupil activity books for a single age level—or 240,000 copies for five age levels. I can feel that sometimes it needs to rest and take a day off. That's when I re-oil and clean it to ensure it will last for many more years.

Whenever there's an opportunity and the Lord allows, I meet with churches that are not yet familiar with the curriculum of International Christian Publishers—*Character Code for Life*, *God's Character and Me*, and others.

Other challenges for us include the problem with an access road to our property. The access road we currently use is on private property. We were informed that it needs to be closed, so we had to act quickly—to find a new route and locate the owner of the lot that could be a prospect for the new road. If not, we will lose access in and out of the office, as it will be enclosed by surrounding properties.

Despite the challenges, production continues, along with monitoring those involved in the backpack ministry of His Offspring Ministry.

We continue to ask for your prayers—for us and for our country. Each one of us needs the Lord. We continue to reach people with the message of salvation and bring children closer to the Lord.

## Russian Language

Funds have been sent to print *Character Code for Life* Module 1 Intermediate Leaflet for 4000 Russian speaking young people. This curriculum will be distributed among Baptist churches in Belarus, beginning with the mission work of Pastor John Pinkavich in Lido, and their mission in Grodno. Our ICP translator, Pavel, will also print 200 Teacher Books and 200 Visual Aid Packs, one set for every 20 students. This is our first major printing in the Russian language since the translation of all six modules and teacher material was completed. We ask for your prayers over teachers, students and their families who will participant in this 18-week study. Brother Pinkavich, the one who proofread all the Russian translated curriculum, has expressed great joy in seeing this project reaching this point of large volume printing and distribution. Pavel has also completed the translation of *God's Character and Me*, Module 1, for teens and adults.

You can have a part in these ministries around the world by your prayers and offerings. We are praying that "God will provide," and that God will use His people in His provision. Offerings can be sent to: ICP, PO Box 2587, Texarkana, TX 75504.
