# Special Opportunity to Acquire Office Building in Myanmar

Myanmar

God has opened the door for ICP to purchase a lot with a residence with space for translation offices and a storage room. It is about fifty yards from the existing lot which we purchased a few years ago. The lot on which the 20 foot x 36 foot building stands is 60 feet x 80 feet, or 6,000 square feet. There is also an adjoining lot 20 X 60 which is available from the same owner. The owner is asking $120,000 for the entire property. We can pay more than $25,000 upon purchase and then pay the balance on five payments of at least $20,000. We will need to make the final decision by January 2027. To keep informed about the amount of all offerings check the "thermometer" on the web page, **www.icplit.org**. The goal is an additional $92,000 by June, 2027.

Thanks to those who have already given, we have on hand already $20,000. If enough churches and individuals commit to giving $1,000 in the next six months we could have the property. It would save paying rent for the Project Director's residence and additional for storage of printed *Character Code for Life* curriculum materials.

As the ministry continues to grow, we could also add our own printing facility, saving substantially over the current cost using commercial printers.

Project Manager Jacob Tubal reports that thirty new churches have been started in Myanmar by students in the ICP/Faith Missionary Bible Institute. ICP provides funds for housing and food for the students in this school. The four-months school features intensive (about eight hours per day) instruction for young men who cannot afford to go a Bible college. The missionaries are sent out by churches already established in Myanmar.

## New Web Site

The new web site for the ICP ministry is now up. Go to **www.icplit.org** for information about the ministry from the office in Texarkana, Kenya, The Philippines, Myanmar and South America. Learn about the *Character Code for Life* curriculum and the special projects underway in the countries where ICP has offices. We are also working to get the web store back up and running for churches to order curriculum in English.

*Enter into his gates with thanksgiving, and into his courts with praise: be thankful unto him, and bless his name.* Psalms 100:4

Happy Thanksgiving

## Kenya

Translators Moses and Titus have printed *CCfL* curriculum for Uganda. They will also prepare literature for thirty churches, or 1,800 children, for Western Kenya. This literature will be distributed in January when Rita and I are there for a visit. They will also be conducting *Lord of Kings* VBS with a planned attendance of 1,800 children in Western Kenya in November. God has provided the funding for these projects; however, one of the two digital presses is down awaiting funds to make necessary repairs.

## Philippines

Project Director Florence Paguio is preparing Module 4 *CCfL* literature for distribution during our visit there in March 2027. For the first time in several years we will be conducting distribution of *CCfL* and *Lord of Kings* VBS in the Southern Island of Mindanao. We appreciate the help of Nelmar Sumatra and Kennison Bogador in helping organize this Bible conference with literature distribution also to be held in March. We have printed the teacher books and visual aids packets on the digital press in Texarkana for the two distributions this year. We appreciate very much the generous offerings of churches and individuals for this project. God has tremendously blessed.

## Spanish Language

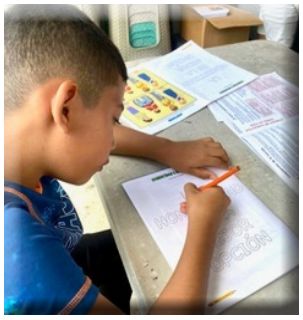

### COLOMBIA

In late October, Pastor Ron and Vicki Canard and John Sanders spent a week in Colombia. We first met with Missionaries Edgar Rubio and Jim Gage, both serving in southern Colombia. We visited Guamo Church Camp and the new Guamo mission building. *Character Code for Life* Module 3 curriculum was provided for children in two mission works.

Next, we flew north to the city of Monteria to be with Missionary Gabriel Sanchez and family. Modules 1-4 *CCfL* curriculum was provided for fifty students who are attending this thriving work. We were also blessed to be present to help ordain two young men who had surrendered to preach. Best of all, the Lord blessed our preaching services with five professions of faith. Brother Sanchez now has nine candidates for baptism.

### PANAMA

Spanish language *Character Code for Life* is being used by Missionary Mark Cimino, serving near Panama City, Panama. He is currently using the curriculum for his children's Sunday school classes. Brother Cimino shared that he also plans to begin using *CCfL* with the 60 children who regularly attend the mission's Friday evenings Bible Club. Please keep missionaries Mark and Marie Cimino in your prayer.

## Russian Language

### TRANSLATION, PRINTING, DISTRIBUTION AND TRAINING

Our Russian languages translator is busy overseeing the printing, promotion and distribution of Module 1 *Character Code for Life* (all three age groups) and *God's Character and Me* for teens and adults. Over 15,000 children and teens are being provided this material. He has also been offering training and is scheduled to share how to use *CCfL* curriculum at a teacher's conference for over 200 teachers from Latvia and Poland. Printing for Module 2 will begin in December.
